GENL & REV. SECRETT. No 73
26. OCT. 1937
MUZRAI BR.

5. Returned, with compliments, to the General Secretariat Department.

6). 2. It is ascertained that the Superintending Engineer, Mysore Circle, that the price of Rs.3,000/- already fixed for the main building is very modest considering the large compound and the locality in which it is situated and that the valuation of Rs.2,000/- proposed by the Deputy Commissioner is too low and it is not acceptable under any circumstances.

7. It is also reported that the sum of Rs.1,000/- stated by the Deputy Commissioner to be required for the repairs is excessive and that a sum of Rs.250/- will be sufficient for effecting necessary repairs as the building is not at present occupied by the Assistant Superintendent of Police without any modifications.

GENERAL SECRETARY.
29 SEP. 1937

M. Venkatesa Iyengar, Esq., M.A.,
Secretary to the Government of His Highness the Maharaja of Mysore,
.....General.....*Department.*

SIR,

Disposal of the Assistant Engineer's Quarters at Bowringpet.

In forwarding herewith copies of the marginally noted letters on the above subject, I have the honor to state as follows:-

(1) Letter No.A2-C.996/36-37 dated 12th May 1937 from the Deputy Commissioner, Kolar District.
(2) " No.10761 dated 22nd June 37 from the Chief Engineer of Mysore.
(3) " No.A2-C.996/36-37 dated 31st August 37 from the Deputy Commissioner, Kolar District.

2. There is a Government building at Bowringpet which is used as residential quarters for the Assistant Engineer and is closely situated to the temple of Sri Kothandaramaswamy, which is a major Muzrai institution.

3. In his letter dated 12th May 1937, the Deputy Commissioner, Kolar District, stated that the Chief Engineer may be requested to postpone the auction of the above building, notified for auction on 17th May 1937, as the Dharmadarsis of the above temple had resolved to purchase the same for Rs 2,000 for the use of the temple, since the building was adjoining to the temple and a ~~portion~~ portion of the out-house was built on the temple compound wall, itself. The Chief Engineer, who was requested to postpone the auction, complied with the request and desired to know if the Muzrai Department was agreeable to purchase the building for an upset price of Rs 3,000, excluding the garage and stable, situated on the other side of the road.

4. The Deputy Commissioner, who was consulted in the matter,

states that he has seen the building and that it is an one and that the price fixed, viz., Rs 3,000 is excessive, that price offered by Dharmadarsis is reasonable and fair, and that, it may be sold for Rs 2,000 to the temple. It is, further, stated that a sum of Rs 1,000 will be required to put the roof in order.

5. In the circumstances explained by the Deputy Commissioner, I request that his proposal to purchase the building for Rs 2,000 to the temple may be sanctioned.

6. The connected papers received from the Deputy Commissioner, are enclosed.

I have the honor to be,

Sir,

Your most obedient servant,

M. N. Arunachalam

For Muzrai Commissioner.
absent- from station

r No.A2-C.936 dated the 12 the Deputy Commissioner in
an District. to the Muzrai Commissioner in Mysore.

Subject:- Re. the purchase of Public Works Department building for the benefit of Sri Kodandaramaswami Temple at Bowringpet.

--

In forwarding herewith the file of papers ending with Kolar Sub Division Officer's report No.A dated 7th instant on the above subject, I have the honor to State that the building belonging to the Public Works Department, which is at present used as residential quarters for the Assistant Engineer, is ascertained to have been advertised for sale on the 17th instant. This building is situated by the side of Sri Kodandaramaswami temple at Bowringpet. The Dharmadarsis of the temple have resolved that the building may be purchased for the benefit of the temple, as it would be inconvenient if the building is purchased by anyone else. The temple is a major Muzrai institution, which has a large number of devotees. There is only a margin of about 15 feet between the Garbhagudi and the compound wall of the building. The eastern wall of some of the out-houses is constructed on the compound wall itself. It is true that there will be some inconvenience, in view of the proximity of the Garbhagudi, if the building should get into the possession of anyone other than an orthodox Hindu. The building could be purchased for the benefit of the temple, for a reasonable amount, from out of the temple funds. The temple authorities could lease it out for rent to some suitable person and such investment is not likely to involve any loss to the institution. I have written to the Executive Engineer to kindly postpone the sale, and to intimate the value that is demanded. On receipt of a reply from him, I will make a further report in the matter, in consultation with the Dharmadarsis of the institution. In the meanwhile, I request you to kindly address the Chief Engineer, immediately, to issue instructions to postpone the sale which has now been fixed for the 17th instant.

Letter No.10706 dated 22-6-37 from the Chief Engineer of Mysore, to the Muzrai Commissioner in Mysore.

Subject:- Disposal of the Assistant Engineer's Quarters at Bowringpet.

With reference to your letter No.1469/36-37 dated 10th May 1937, on the above subject, I have the honor to state that the sale of the above building by public auction, fixed for the 17th May 1937, has been postponed, as desired. I request you to be so good as to intimate if the Muzrai Dept is agreeable to purchase the main building without the garage and the

on the other side of the road for an upset price of Rs 3

building is expected to fetch about Rs 3,500, if sold in public auc

The favour of a very early reply is requested.

Letter No.A2-C.996/36-37 dated 31-8-37 from the Deputy Commissioner, Kolar District, to the Muzrai Commissioner in Mysore.

Subject:- Disposal of the Assistant Engineer's Quarters at Bowringpet.

With reference to your letter No.C.1469/36-37 dated 13th July 1937 on the above subject, I have the honor to state that the roofing of the building is reported to be in a very bad condition, and it requires repairs to an extent of Rs 1,000.

The Dharmadarsis of Sri Kodandaramaswami temple, in their Meeting held on th August 1937, have resolved to purchase the building for a sum of Rs 2,000 as it would involve a heavy expenditure towards repairs, as stated above.

I, therefore, request you to kindly recommend to Government for the sale of the building to the temple, for Rs 2,000, as requested by the Dharmadarsis. I have seen the building and it is an old-fashioned one. The price fixed by the Public Works Department, viz., Rs 3,000, appears to be rather excessive. The offer made by the Dharmadarsis, seems to be reasonable and fair.

The entire vernacular file ending with Kolar Sub Division Officer's report No.R1-Muz.C.518/36-37 dated 7th August 1937 is herein enclosed for favour of perusal.
